

FLEX TABLE Hexa group table

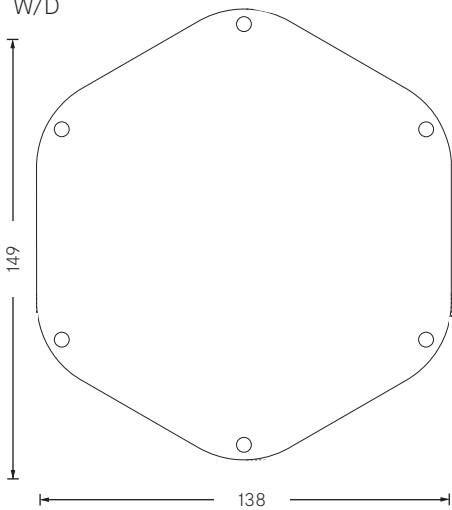

| | | |
|-------------------------|--|--|
| Recommended application | School, university, educational institutions, seminars, cafeteria, canteen | |
| Execution | Table legs made of powder-coated tubular steel (Ø 50 mm), these are firmly screwed to the multiplex table top. Very stable, washable table top made from sustainable birch multiplex material. Coated with HPL (28.6 mm). Four flush, recessed decor elements screwed into the top of the table top at the table leg position. | |
| Colors table legs | <div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div><div></div></div> <div>05 09 06 73 11 31 16 54 04</div> <div>colored powder-coated</div> | |
| Table tops | High-quality, extra thick board made of birch multiplex, raw and finely sanded edge, coated with HPL, 28.6 mm thick. Both components are FSC and PEFC certified and come from ecologically, economically and socially sustainable forest management. | |
| Edge finish | <div><div></div><div>untreated, finely sanded</div></div> <div><div></div><div>oiled, finely sanded (for an extra charge)</div></div> <div><div></div><div>blackened, finely sanded (against surcharge)</div></div> | |
| Dekor-Element | <div><div></div><div>Identical to the table leg color</div></div> <div><div></div><div>snow white, identical to the HPL surface</div></div> <div><div></div><div>without decor element</div></div> | |

Consulting

FLÖTOTTO is a relevant development partner for school authorities, architects, ministries and is in daily contact with the responsible teachers in the respective schools. Together, we flexible, age-appropriate educational spaces for intensive interaction between students and teachers. The living and learning spaces we design improve learning success and, together with the architecture, also have a positive on the surrounding area of the school site. We remain your first point of contact until the project is completed and for years afterwards.
Talk to us, we will be happy to advise you!
