PRODUCT INFORMATION

ACTIVE Add-on boxes

Areas of application	Daycare centres, schools, open learning enviroments, allday areas, creative workshops, libraries										
Use	The ACTIVE add-on boxes are designed to be placed on top of the ACTIVE Box 1 or ACTIVE Box 2 for flexible construction of various scenarios: - Tables (suitable as seat height 5 for ACTIVE cushions or as standing tables) - Book corners - Much more										
Material	KoskiDecor made from Finnish birch plywood 12 mm, coated on both sides with robust, washable and translucent melamine resin film. Open edges, finely sanded with 1x45° chamfered edges. Each side has a central through-hole for an ACTIVE connector. Birch plywood is FSC and PEFC certified and comes from ecologically, economically and socially sustainable forestry.										
Colour	Birch multiplex with transparent melamine resin coating.

GENERAL INFORMATION

NOTES

Planning data	Files for architects and planners available on request.
Tender documents	Please send us an email or give us a call, and we will promptly send you the requested texts about our products.
Certificates	Koskisen plywood products are manufactured in Finland according to the strictest sustainability principles. Koskisen is a pioneer in environmental protection. In Finnish forestry, the wood supply chain is always known in detail. Finnish forests are primarily privately owned, and the owners are guided by a strong commitment to long-term forestry and forest management. Every year, more Finnish forests grow back than are harvested. This guarantees a sustainable and environmentally friendly raw material. Koskisen Finnish birch plywood panels (PEFC Certificate No. INS-PEFC-COC-212560/ FSC Certificate INS-COC-100101/INS-CW-100101 Issue No. 4) Available on request.
Cleaning & Care	A soft, slightly damp cloth is sufficient for cleaning. A mild soap solution can be used for heavier soiling. Please do not use abrasive cleaning agents or aggressive chemicals to avoid damaging the surface. The open, finely sanded edges of the birch multi-plex board should be kept dry and protected from excessive moisture.
	Dimensions may vary due to material and production tolerances Subject to technical changes, errors and colour variations.

WE LOOK FORWARD TO SEEING YOU

FLÖTOTTO

	Flötotto Einrichtungssysteme GmbH An der Manufaktur 4 33334 Gütersloh Germany
Consultancy	FLÖTOTTO is a key development partner for school authorities, architects, ministries and is in daily close contact with the teachers responsible in the respective schools. Together, we create flexible, age-appropriate educational spaces for intensive interaction between learners and teachers. The living and learning spaces we develop improve learning outcomes and, together with the architecture, ideally also have a positive impact on the immediate vicinity of the school location. We remain your first point of contact until the project is completed and even years afterwards. Get in touch with us, we will be happy to advise you!
